Weekly Weather Threat Briefing

April 5, 2017
1:30 PM PDT

Day 1: Light precipitation across far northern
portion of the state
Snow may impact travel in the mountains
Increasing wind

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

Prepared by: Matt Solum
801-524-7907

Key Points

04/06 – 04/12

Thursday

- Light precipitation across far northern portion of the state
- Snow may impact travel in the mountains
- Increasing wind

Friday-Saturday

- Heaviest precipitation across the northern half of the state with localized flash flooding and thunderstorms possible
- Snow will impact travel in the mountains (2-4 feet possible)
- Rapid rises in creeks and streams; localized flooding possible
- Strong winds may cause downed trees and power lines and power outages

Sunday

- Precipitation winding down
- Snow may linger in the mountains and cause travel impacts
- Decreasing wind

Monday-Tuesday

- No significant weather impacts

Wednesday

- Another potential storm system but confidence low at this time
